ABOUT THE CHIEF GUEST

Thiru. S. Indrakumar

Environmentalism and Social Activist

He serves as the President of Home Exnora and Senator of Exnora International. He has extensive experience in composting, gardening, rainwater harvesting and tree plantation. He has delivered more than 3,000 guest lectures and conducted environmental awareness programmes in schools, colleges and organisations. His dedicated service to environmental protection has earned him several awards and recognitions.

"A greener tomorrow begins with people who care today."

About the THE CLUB

The Nature Club is an initiative that encourages students to develop love, responsibility and concern for nature and the environment. It provides opportunities for students to learn about environmental protection through awareness programmes, tree plantation, gardening, waste management and other eco-friendly activities. The club also promotes active participation and responsible citizenship among students.

OBJECTIVES OF THE CLUB

To create environmental awareness among students.

To develop love and respect for nature and biodiversity.

To encourage tree planting and gardening activities.

To promote proper waste management and composting.

To create awareness about water conservation and rainwater harvesting.

To encourage students to adopt eco-friendly practices in daily life.
